

**Fourth International Symposium
on Trade in Bear Parts
Nagano, Japan, 4 October 2006**

Poster presentation

In addition to the information exchange and dialogue during the symposium, a poster presentation will be held in parallel with the symposium on 4 October 2006. The objective of the poster presentation is to provide participants a venue to present their research and activities in relation to the theme of this symposium. Poster presentation will be held in the conference room

Details: Each organizations/institutions can submit one application. Only participants of the symposium can apply for the poster presentation.

Each successful applicant will be assigned a display board. The size of the poster should be within 90 cm wide x 150 cm high. The language of the poster must be in English. The display materials must be no other than posters, publications and brochures.

As space for display is limited, early application is recommended. Please note that your application may not be accepted once the numbers of applicants are filled.

Please send this form to TRAFFIC East Asia-Japan by fax or e-mail. Once your application is accepted, you will receive a confirmation and instructions by e-mail.

Please note that contents of poster presentation will not be included in the proceedings that will be compiled afterwards.

Complete your registration form below. Fields marked with an asterisk * are required.
